

1. Reddit bulk unsaved not working, just scratch
2. Unfollowing from insta menu not working
3. x bulk unlike should allow me to select which ones i want to unlike, not just unlike them all (though unlike all should still be a feature
4. it takes a refresh for the bulk unsave/bulk unliked to appear on Youtube, doesn't happen after I click 'liked videos' or 'saved videos' the first time
5. Tiktok bulk unlike not working, and similar to X, should allow me to select which ones to unlike or unlike
